

Harvest Drive Toiletry Campaign 2024

- ❖ Pack large Ziplock bags (1 gallon to 3 gallon-size) with toiletry items for families. Please include **shampoo, conditioner, toothbrushes, toothpaste, deodorant, lotion, body wash and/or soap.**
 - ❖ Individuals can purchase and pack bags to drop off at a central location one week before a bag distribution date.
 - ❖ Funds can be raised by placing an order at either Walmart.com or the Dollar Store (items can be shipped to one location and packed by one family, team, or club.)
 - ❖ Funds ideally could be collected on the school website or by Venmo. This allows donors to contribute any amount, as little as \$1 or as much as they would like. This enables a broad group of individuals to participate even if they cannot go to the store or bring their collections to a central location.
 - ❖ Each school would then coordinate their collections with Holly Stracquadaine at holly.stracquadaine@harvestdriveflorida.com or 954-465-0042. This will facilitate scheduling collections and meeting deadlines for adding to food bags by the distribution dates.
-
- ❖ **Why this matters:**
 - ❖ With the many food distributions being done throughout the County and at schools, very few include toiletry items.
 - ❖ Being clean is essential to a positive self-image.
 - ❖ Imagine yourself living here in hot and humid South Florida without the necessary items to clean yourself and brush your teeth.

This project is simple, safe, and incredibly impactful. The Harvest Drive Team knows how much better we feel when we actively do something to help students and families suffering during this pandemic. We know that you and your donors will feel the same way.
